

Weddings at The Lord Leycester

Exclusive-use historical wedding venue at one of Europe's most important Medieval Buildings.

Celebrate your special day surrounded by over 900 years of history in Warwick's Medieval masterpiece.

About The Lord Leycester

The Lord Leycester is one of Europe's most important Medieval Buildings. Situated in the heart of Warwick next to the original West Gate of the town, it was built by the Guilds in 1380, and later acquired by Robert Dudley, Earl of Leicester in 1571. Now in use as a heritage visitor attraction, the buildings have endured for centuries and provide a unique historical atmosphere for your special day.

Exclusive Use Wedding Venue

There are stunning spaces available to hire for exclusive use weddings. From ceremonies in the Guildhall to drinks in the Medieval Courtyard and receptions in the impressive Great Hall. These beautiful buildings have entertained Kings and Queens and create a perfect historical setting. We work exclusively with our catering partners who can provide a full catering service for canapés, wedding breakfasts and drinks receptions.
